

## Junior Utility Controller - NrgFin Belgium

Nrgfin is looking for a junior business controller to reinforce the Belgian operations team. You will team up with the account managers/senior controllers and collaborate on a wide range of challenges raised by our clients, small and medium sized Belgian and/or Dutch energy suppliers. From **managerial reporting** to **process improvements** and **in-depth investigations** your support will be required on multiple areas in this **dynamic and energetic industry**.

As an independent company, Nrgfin is specialized in the energy market, providing solutions for informed decision making. Our advisory services are emphasized on **margin accuracy** improving controlling, operational and settlement processes. We transform, analyze, integrate and visualize energy data based on the latest market standards. Our solutions enable energy suppliers, to interpret, manage and control their gross margins for electricity and natural gas. The **data crunching** is monitored in Qlik Sense, providing all the flexibility and features to create state-of-the-art dashboards/cockpits.

You will be located in **Herk-de-Stad (free of traffic jams!)** and become gradually responsible for managing the **actuals and cash flow processes** of our customers' energy margins. You will support in the creation of financial and operational management reports as well as ad-hoc analyses in order to provide internal and external stakeholders with all the necessary information.

### Qualifications:

- MSc Commercial engineer or Economic Sciences, preferably with a financial background
- 1-3 financial audit experience or equivalent
- Qlik Sense knowledge is an asset but not a must

### Profile:

- Able to work on a strategic, tactical and operational level
- Strong excel skills
- Accurate and analytic
- Strong communication skills and a team player
- Problem solver and independent worker
- IT affinity and control minded
- Fluent in Dutch, English and French, German is an asset

### Job offer:

At Nrgfin, you can count on a varied job in an international niche market. We encourage our people to grow and work together in a pleasant and modern environment. Yes, we still have the entrepreneurial SME mentality. We offer an open ended contract for this position which carries a competitive salary and a package of extra-legal benefits.
